Paris, 2017 March 2<sup>nd</sup>;

Dear Mr. Sanjay Mittal,

I am very pleased to send you the commentaries the AVPA jury granted to your **KELZAI VOLCANIC** water which has been awarded a Gourmet de Bronze Medal in the Mixed still water of character category.

These commentaries in French and English has been elaborated under the Chairmanship of Mr. Pierre-Emmanuel Thivend, Mr. Michel Bontemps acting as the active Secretary.

Fraiche et cristalline, KELZAI est une eau équilibrée et ronde qui sous des faux airs de neutralité cache un caractère bien affirmé. Un peu salée, elle laisse beaucoup de fraîcheur en bouche et malgré son peu de minéralité, elle s'impose par son onctuosité et son éclat. Enveloppante, elle caresse le palais et y dépose agréablement quelques notes champêtres, entre terre et sous-bois. Sa spontanéité et son arrière-goût acidulé accompagneront plaisamment les desserts et les plats sucrés-salés.

Fresh and crystalline, KELZAI is a round and balanced water, which, in spite of an appearance of neutrality, hides a well-asserted character. A little salty, it retains a lot of freshness in the mouth and in spite of its low mineral contain, it dominates with its smoothness and its brilliance. Wrapping, it caresses the palate and retains some pleasantly pastoral notes, between earth and undergrowth. Its spontaneity and its acidulated aftertaste will pleasantly accompany desserts and sweet-savory dishes.

We wish just to have the success such a prestigious water should grant you.

Sincerely yours,

Philippe Juglar,  
Président
